

Yr 4 Penguins Learning Activities - Week 13 22nd June 2020

Please read through the activities with your grown-ups. Your parents/carers can send pictures of your learning or ask any questions via my email account:

ianbeggs@st-bartholomews.brighton-hove.sch.uk

Good luck and keep in touch! We look forward to seeing what you have all been up to

English	Maths	Topic	Motivation
<p><u>Lesson 1</u></p> <p>Esio Trot</p> <p>Watch the video clips to hear Mr B read the beginning of Roald Dahl's story, Esio Trot.</p> <p>Reread the story so far from the text file on the school website, paying particular attention to the message at the end.</p> <p>Can you decode Mr Hoppy's message? Research the story here if you get stuck!</p> <p>https://www.roalddahl.com/roald-dahl/stories/a-e/esio-trot</p> <p><u>Lesson 2</u></p> <p>Comprehension</p> <p>Have you understood the story so far? Can you see how Roald Dahl's words bring our characters to life? Answer the 10 questions at the end of the story text file, using full sentences to show what you know.</p> <p><u>Lesson 3</u></p> <p>Creative writing</p> <p>Do you remember how to write instructions? Write instructions for how to prepare Alfie's house for hibernation. Don't forget to begin by listing the items you need, then number the things you'll do and finish with a 'did you know?' box.</p> <p>Look at the text on p. 14-15 to remind yourself what Alfie would need, but don't be afraid to invent some extra elements too!</p>	<p>https://whiterosemaths.com/homelearning/year-4/</p> <p><u>Lesson 1</u></p> <p>Making amounts of money</p> <p>Please note that the worksheet for this lesson is titled 'Pounds and Pence.'</p> <p>With some of the questions on the sheet for this lesson, I recommend providing some real coins to match the coins in the question. It can really help to be able to touch & move them.</p> <p>Also remember that the responses shown on the answers are only a guide to what a child might write – lots of answers could be written differently and still be just as good.</p> <p>Some children might only complete Q1-4.</p> <p><u>Lesson 2</u></p> <p>Compare and order amounts of money</p> <p>It's useful to remember that the term 'inequality symbol' is used to refer to these signs: < ></p> <p>As I explained last week, we often ask children to think of them as the jaws of a hungry croc, who's always facing the biggest meal.</p> <p>Some children might only complete Q1-6.</p>	<p><u>Lesson 1</u></p> <p>Rivers</p> <p>Begin to investigate the water cycle by using the activity here:</p> <p>http://www.crickweb.co.uk/ks1science.html#watercycle</p> <p>Then look at the 2 clips in the BBC Bitesize lesson on Rivers:</p> <p>https://www.bbc.co.uk/bitesize/articles/zc3gp4j</p> <p>Finally, complete the online quiz.</p> <p><u>Lesson 2</u></p> <p>Sound</p> <p>Identify the different sounds using the activity here:</p> <p>http://www.crickweb.co.uk/ks1science.html#watercycle</p> <p>Watch the clips here to find out how sounds are made and how they travel:</p> <p>https://www.bbc.co.uk/bitesize/articles/zb4jcmn</p> <p>Finally, complete the online quiz and draw and label a poster to show what you have found out.</p>	<p><u>Lesson 1</u></p> <p>Pick up some fitness tips from this week's Celebrity Supply Teacher!</p> <p>https://www.bbc.co.uk/iplayer/episode/m000jycy/celebrity-supply-teacher-series-1-3-marcus-rashford-pe?xtor=CS8-1000-[Discovery Cards]-[Multi Site]-[SL08]-[PS IPLAYER ~N~P Celebrity SupplyTeacher]</p> <p><u>Lesson 2</u></p> <p>We're all allowed to take exercise outdoors, once a day, as long as we can keep a safe distance from others.</p> <p>The Daily Mile at Home offers easy, fun ideas for exercise activities for you and your family:</p> <p>https://thedailymile.co.uk/at-home/</p>

English	Maths	Topic	Motivation
<p><u>Lesson 4</u></p> <p>Spelling: the suffix –ous</p> <p>How many words can you remember that end with this suffix? Collect as many as you can and check their spellings.</p> <p>Practise using Spelling Frame, rules 11 & 12:</p> <p>https://spellingframe.co.uk/spelling-rule/16/11-The-suffix-ous-1-of-2</p> <p><u>Beggsy Bonus</u></p> <p>Free writing</p> <p>We would normally have a free writing session once a week. We look at a picture and write whatever we like about it. I've chosen a tortoise picture this week to keep us thinking about our story. Think about whether you'll write about the tortoise, the person/people who live in the house or somebody coming to visit. A larger version is copied below.</p> 	<p><u>Lesson 3</u></p> <p>Estimating money</p> <p>This lesson builds on the lessons last week about rounding.</p> <p>As with last week, it is well worth 'warming up' with a few questions about rounding simpler numbers before starting the lesson. For example, ask: on the numberline below, what numbers should go on the intervals? Between the intervals? Which of the numbers on the intervals round up to 200? Down to 100? How can you tell whether to round one of them up or down?</p>  <p><u>Lesson 4</u></p> <p>Solve problems with money</p> <p>Please note that the worksheet for this lesson is titled 'Four Operations.'</p> <p>Problems like these can be very tricky for children. It is better for many children to discuss a few of these problems together with an adult than to try to solve them all without help, but if your child can work independently, that's great!</p> <p><u>Beggsy Bonus</u></p> <p>There's something wrong with this calculation... Rewrite it correctly and see if you can solve it:</p> $\begin{array}{r} \text{£}36.70 \\ - \text{£}5.24 \\ \hline \\ \hline \end{array}$	<p><u>Lesson 3</u></p> <p>Hokusai</p> <p>As we've been looking at the water cycle in lesson 1, let's find out about a famous Japanese artist who made prints depicting mountains, rivers and the sea.</p> <p>First look at some of Hokusai's artwork below.</p> <p>Find out how he made his prints by looking at the clip here:</p> <p>https://www.youtube.com/watch?v=kEubj3c2How</p> <p>It is a bit like the chinoiserie printing we did in school!</p> <p>Draw a mountain scene of your own, but be sure to include all of the following:</p> <ul style="list-style-type: none"> • A cloudy or stormy sky . • Waves or a flowing river in the foreground. • A mountain in the background. • Some birds or other animals. <p>Colour your drawing as brightly as you can.</p>	<p><u>Lesson 3</u></p> <p>Explore the #ThisIsPE activities. They are available via short, clear YouTube tutorials.</p> <p>A good lesson to continue with is the lesson on Agility, here</p> <p>https://www.youtube.com/watch?v=laNjXnB-79U&list=PLYGRaluWWTojV3An2WEgsQ4qGFy_91jDL&index=10</p> <p>There are plenty of other lessons on other elements of the PE curriculum!</p> <p><u>Beggsy Bonus</u></p> <p>Teach your family 'Shark In The Water!'</p> <p>Remember, the commands are: port, starboard, scrub the deck, climb the rigging and shark in the water!</p>
