

### Prime Area: Personal, Social and Emotional development (PSED)

PSHE Children will learn to respect the differences and similarities between people and find out about different ways of life.

Children will learn that there are lots of different jobs and that these jobs can be for men and women. We want to invite parents and family members to come and talk to the children about the jobs they do or the skills they have.

Children will learn that people and other living things have needs and that we all have responsibilities to meet them.

### Prime Area: Communication and Language (CL)

Speaking - Children will talk about class stories and rhymes. They will talk about fiction and non-fiction books about owls and other animals. They will learn lots of clapping rhymes and songs.

Listening - Children will listen to many different stories, songs and rhymes.

Understanding - Children will play games/ask questions/answer questions/express their ideas

Children will play and follow the rules of a range of games.

### Prime Area: Physical Development (PD)

Children will continue to develop good handwriting skills in class lessons and small groups.

Children will take part in healthy cooking and eating activities.

Children will take part in weekly PE lessons.

### Specific Area: Literacy

Children will take part in Pie Corbett talk for writing activities and learn stories and rhymes.

We will learn Little Charlie by Pie Corbett and perform it to an audience and later innovate their own stories.

Children will learn the Phase 3 phonemes.

Children will begin to write simple captions and sentences.

## It's Good to be Me!

Spring Term 2017

### Specific Area: Expressive Arts and Design (EAD)

Children will create art and make models in response to real life experiences.

Children will explore sound, music, dance and movement and have weekly music lessons.

Children will experiment with paint, collage, malleable and other materials.

Children will learn songs in class and with Year 1 and Year 2 in assemblies and shared learning events.

### Specific Area: Understanding the World (UW)

Children can bring in a special object from home and talk about it to the class.

Children will find out about natural materials by exploring the environment outdoors.

Children will plant bulbs/seeds and take part in gardening activities.

Children will find out how people celebrate Chinese New Year.

Children will learn about Easter.

### Specific Area: Mathematics (M)

Children will take part in daily maths activities to learn about counting, matching, ordering, sorting skills both inside and outside. We will use lots of different maths equipment including numicon.

We will use number to 20 and begin to solve problems using addition and subtraction methods. Children will learn that mathematics is used in real life situations.
