

Year 4 Learning Activities - Week Three 6th April 2020

Please read through the choice of activities on the next page with your grown-ups and try to complete FIVE each day. Your parents/carers can send pictures of your learning or ask any questions via my email account:

ianbeggs@st-bartholomews.brighton-hove.sch.uk

A day for the Y4 class at the moment could look like:

Time	What are we doing?	Activity choices
9.00 - 10.00 am	Active / Motivate Time	Join Joe Wicks - The Body Coach TV - youtube - for his daily workout or choose one of the activities in the pink boxes.
10.00 - 10.30 am	Reading Time	Read a book or your choice or choose an e-book on the OxfordOwls website www.oxfordowl.co.uk/for-home/find-a-book/library-page
10.30 - 11.00 am	Learning Time	Play some Maths games online. Try: coolmathgames.com or mathsframe.co.uk
11.00 - 12.00 pm	Learning Time	Choose one of the activities from the green boxes.
12.00 - 12.30 pm	Lunch	Help to make lunch, clean up and put everything away.
12.30 - 1.00 pm	Free Play	
1.00 - 2.00 pm	Creative Time	Choose one of the activities in the yellow boxes.
2.00 - 3.00 pm	Innovation Time	Choose one of the activities in the blue boxes.

Good luck and keep in touch! We look forward to seeing what you have all been up to.

Learning Time	Creative Time	Innovation Time	Motivation Time
<p>Complete a maths lesson from week 1 section here: https://whiterosemaths.com/homelearning/year-4/</p>	<p>How many countries are there in Africa? Make an alphabetical list of as many as you can find. Choose one to research. Try to discover where it is, which countries are next to it, what the cities there are called, what languages the people speak and a fact about its history.</p>	<p>Go to uk.ixl.com for interactive online Maths and English games – choose a level and activity to challenge you appropriately.</p>	<p>Teach your parents and carers how to play 'Shark In The Water!' Remember, the commands are port, starboard, scrub the decks, climb the rigging and shark in the water!</p>
<p>Consider who might live in the imaginary country you created in the last 2 weeks. Draw a picture of a character from your country and write a paragraph to describe them. Next week, we will be writing stories with these characters as heroes!</p>	<p>Can you make a paper aeroplane? Sure! But can you make one that can carry cargo? Take the paper plane challenge here: https://kidsactivitiesblog.com/77853/stem-paper-airplane-challenge/</p>	<p>If you haven't seen my penguin joke on the year 4 page of the school's website, have a look. Film or photograph yourself telling a joke and email it to me or share it with a relative or friend!</p>	<p>Can you create an obstacle course in your home – like the way we came in to our class assembly? Time yourself completing the obstacle course – can you improve on your time?</p>
<p>Plastic pollution is a major problem for the world's oceans. What would happen to the underwater world you created last week if it started filling up with plastic junk?? Write a letter to the Prime Minister, asking him to do more to help solve this problem. Include as many arguments as you can think of to persuade him!</p>	<p>See if you can draw a pirate penguin! It's easy when you follow Rob Biddulph's online tutorial: https://www.youtube.com/watch?v=87MJ2qd32HU He has lots more tutorials to look at too.</p>	<p>Choose 10 'Super Spellings' words from your school pack. Try to find words which you don't already know. Can you type them all into a single sentence? You could use Typing Club www.typingclub.com to help you become quicker at typing.</p>	<p>Complete an 8-minute workout with Joe Wicks https://youtu.be/uqLNxJe4L2I or join his slightly longer daily workouts each morning!</p>
<p>Roll 3 dice to create ten 3-digit numbers. Use the bus-stop method to divide each number by 3. Remember, you can easily tell if there will be a remainder: if the 3 digits add up to a number in the 3x table, it will not have a remainder! e.g. 123 will not have a remainder because the digits add up to 6, which is in the 3x table!</p>	<p>Vegetables don't grow well all year round. They have seasons when they grow better. Research which vegetables are in season right now. Which ones would make a good soup like the one we made at the Community Kitchen? With an adult, prepare a seasonal vegetable soup.</p>	<p>What's your favourite game to play on the computer or other digital device? Teach another family member how to play your game.</p>	<p>Follow an online yoga video at Cosmic Kids cosmickids.com</p>

<p>Read a favourite book and either:</p> <ul style="list-style-type: none"> -Write a book review. -Draw your favourite scene. -Draw and describe your favourite character. - Brainstorm adjectives to describe a good or bad character. 	<p>Choose a book you really loved and draw your own new version of the cover. Don't forget to include the title, the author's name and a caption or two!</p>	<p>Draw a star in Turtle Academy using the command:</p> <pre>setwidth 10 setcolor 4 rt 18 fd 50 repeat 5[rt 144 fd 50 lt 72 fd 50]</pre> <p>Can you alter the numbers in the command to change the star's colour or size?</p>
