

Prime Area: Personal, Social and Emotional development

PSHE Global Education - My Local community

We will think about what improves and harms our environment? We will think about some of the ways we can look after it.

SEAL - Relationships

What makes a good friend? How can we be a good friend to others?

RE

Children will learn about God's special friends and hear some stories about friendship.

Specific Area: Expressive Arts and Design

Children will create art and make models in response to real life experiences. Children will explore sound, music, dance and movement and enjoy drama and role play as pirates and explorers.

We will have music lessons every week using the Charanga music website.

Children will experiment with paint, collage, malleable and other materials.

Prime Area: Communication and Language

Speaking - Children will talk about class stories and rhymes. They will talk about fiction and non-fiction books about plants and minibeasts. They will learn lots of clapping rhymes and songs.

Listening - Children will listen to many different stories, songs and rhymes.

Understanding - Children will answer questions about their learning and find out how to be like the Explainer.

Over the Hills and Far away

Specific Area: Understanding the World

Children will find out all about growing plants.

Children will find out about natural materials by exploring the environment outdoors and taking part in loose parts play.

Children will learn about minibeasts.

Children will visit the Dome for the Reception Celebration Event.

Children will take part in sports day.

Prime Area: Physical Development

Children will continue to develop good handwriting skills.

Children will take part in healthy cooking and eating activities.

Children will take part in weekly PE lessons.

Specific Area: Literacy

Children will take part in Pie Corbett talk for writing activities and perform their stories in front of an audience.

We will learn the story of The Little Red Hen.

We will learn the story of Jack and the Beanstalk. We will learn to write our own stories and fact books about minibeasts and growing plants.

Children will consolidate the Phase 3/4 phonemes and learn phase 5 spelling patterns.

Children will learn to write simple captions and sentences

Specific Area: Mathematics

Children will take part in daily maths activities to learn about counting, matching, ordering, sorting skills both inside and outside.

We will use number to 20 and begin to solve problems using addition and subtraction methods. Children will learn that mathematics is used in real life situations. We will learn number bonds to 10, understand doubles and how to find half of a group of objects and share them with a friend.
